MINUTES AND PROCEEDINGS OF A REGULAR MEETING OF THE BUTLER COUNTY BOARD OF SUPERVISORS HELD ON FEBRUARY 15, 2022.

Meeting called to order at 9:00 A.M. by Chairman Rusty Eddy with members Tom Heidenwirth and Greg Barnett present. Moved by Barnett, second by Heidenwirth to approve the agenda. All ayes. Motion carried.

Minutes of the previous meeting were read. Motioned by Barnett, second by Heidenwirth to approve the minutes as read. All ayes. Motion carried.

No public comment received.

Misty Day, Planning and Zoning Environmental Health Specialist, discussed septic installations in Kesley that may encroach into roads and alleyways. The county has been receiving many applications as the current grant covers the cost of these septic installations. Eddy mentioned a phone call he received about an individual living outside of Kesley, wondering if he was eligible. Day relayed that Kesley is unincorporated so she looked at it as they have a farm, that would not qualify. John Riherd, County Engineer, commented that he would like a formal approval process for individuals wanting the septic installation, as this would ensure the validity of an application. Supervisor Barnett commented that he would be fine with these septic installations, but would like them to stay within their own lots and not cross over. Day commented that she typically keeps them within the property lines. Day currently has three applications and anticipates homeowners to take advantage of this opportunity with the grant funds available. Riherd discussed the possibility of vacating an alley although it seems there would be enough interested parties to not vacate the alley. Vacating the alley would help with septic installations as it would offer an additional 30 feet to work with. The general consensus was to forego the ten-foot setback, but keep them within the property lines and Day agreed with that decision. Supervisor Eddy made a note to invite any citizens from Kesley who would like to address this with the board.

Auditor Leslie Groen discussed the ARPA funds which will total \$2.8 million. The ARPA Committee met on February 8th to review applications from Butler County Public Health, Dumont Telephone, Butler County Conservation, Environmental Health, and Auditor's office. The ARPA Committee reviewed each individual request and made the following recommendations to the Board of Supervisors to approve: \$200,000 to Dumont Telephone for broadband to underserved areas of Butler County, \$1.5 million to Public Health for a new building, and \$150,000 to Butler County Conservation for new shower houses at Camp Comfort and Wunsch

Memorial campgrounds. These recommendations would commit \$1.85 million and the committee decided to table decisions on the remaining funds until complete estimates for the Public Health building were received. Ultimately, it is up to the Board to approve the recommendations. Discussions were held regarding new APRA funds final rule which allows opportunity for additional qualifying projects. Groen commented that this is Federal Grant money and the county will need to track exactly how these funds are spent. Sheriff Johnson mentioned that he understands the other projects are priority, although it would be a great help for them to have radio updates with some of the dollars. Riherd mentioned that he did not want to compete for these funds in-house and Groen shared that with the final rule changes we may want to consider new funding requests. Barnett made a motion to approve Resolution #1020, second by Heidenwirth. All ayes. Motion carried.

PUBLIC NOTICE

**NOTICE TO BIDDERS
PROJECT NUMBER:**

L-C012(ORCHID LANE)--73-12

Sealed bids will be accepted by the County Auditor of Butler County at their office in Allison, Iowa, until 09:00 AM, on Tuesday, March 8, 2022 for the various items of construction work listed below.

A Certified check, made payable to the County, or a Cashier's check, made payable to either the County or to the contractor, drawn upon a solvent bank or a bid bond, shall be filed with each proposal in an amount as set forth in the proposal form. Cashier's check, made payable to the contractor, shall contain an unqualified endorsement to the County signed by the contractor or his authorized agent. Failure to execute a contract and file an acceptable bond and Certificate of Insurance within 30 days of the date of the approval for awarding of the contract, as herein provided, will be just and sufficient cause for the denial of the award and the forfeiture of the proposal guaranty.

Plans, specifications and proposal forms for the work may be seen and may be secured at County Engineer's Office at 428 6th Street, Allison, IA, 50602-0305

All proposals must be filed on the forms furnished by the County, sealed and plainly marked. Proposals containing any reservations not provided for in the forms furnished may be rejected, and the County Board reserves the right to waive technicalities and to reject any or all bids.

Attention of bidders is directed to the Special Provisions covering the qualifications of bidders and subletting or assigning of the contract.

As a condition precedent to being furnished a proposal form, a prospective bidder must be on the current Iowa Department of Transportation or local county list of qualified bidders; except that this requirement will not apply when bids are received solely for materials, supplies, or equipment.

BUTLER County shall issue sales tax exemption certificates through

the Iowa Department of Revenue and Finance to the successful bidder and a subcontractors to enable them to purchase qualifying materials for the project free of sales tax.

The County, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

PROCEEDINGS

MINUTES AND PROCEEDINGS OF A REGULAR MEETING OF THE BUTLER COUNTY BOARD OF SUPERVISORS HELD ON FEBRUARY 15, 2022.

Meeting called to order at 9:00 A.M. by Chairman Rusty Eddy with members Tom Heidenwirth and Greg Barnett present. Moved by Barnett, second by Heidenwirth to approve the agenda. All ayes. Motion carried.

Minutes of the previous meeting were read. Motioned by Barnett, second by Heidenwirth to approve the minutes as read. All ayes. Motion carried.

No public comment received.

Misty Day, Planning and Zoning Environmental Health Specialist, discussed septic installations in Kesley that may encroach into roads and alleyways. The county has been receiving many applications as the current grant covers the cost of these septic installations. Eddy mentioned a phone call he received about an individual living outside of Kesley, wondering if he was eligible. Day relayed that Kesley is unincorporated so she looked at it as they have a farm, that would not qualify. John Riherd, County Engineer, commented that he would like a formal approval process for individuals wanting the septic installation, as this would ensure the validity of an application. Supervisor Barnett commented that he would be fine with these septic installations, but would like them to stay within their own lots and not cross over. Day commented that she typically keeps them within the property lines. Day currently has three applications and anticipates homeowners to take advantage of this opportunity with the grant funds available. Riherd discussed the possibility of vacating an alley although it seems there would be enough interested parties to not vacate the alley. Vacating the alley would help with septic installations as it would offer an additional 30 feet to work with. The general consensus was to forego the ten-foot setback, but keep them within the property lines and Day agreed with that decision. Supervisor Eddy made a note to invite any citizens from Kesley who would like to address this with the board.

Auditor Leslie Groen discussed the ARPA funds which will total \$2.8 million. The ARPA Committee met on February 8th to review applications from Butler County Public Health, Dumont Telephone, Butler County Conservation, Environmental Health, and Auditor's office. The ARPA Committee reviewed each individual request and made the following recommendations to the Board of Supervisors to approve: \$200,000 to Dumont Telephone for broadband to underserved areas of Butler County, \$1.5 million to Public Health for a new building, and \$150,000 to Butler County Conservation for new shower houses at Camp Comfort and Wunsch

Ultimately, it is up to the Board to approve the recommendations. Discussions were held regarding new APRA funds final rule which allows opportunity for additional qualifying projects. Groen commented that this is Federal Grant money and the county will need to track exactly how these funds are spent. Sheriff Johnson mentioned that he understands the other projects are priority, although it would be a great help for them to have radio updates with some of the dollars. Riherd mentioned that he did not want to compete for these funds in-house and Groen shared that with the final rule changes we may want to consider new funding requests. Barnett made a motion to approve Resolution #1020, second by Heidenwirth. All ayes. Motion carried.
