Moved by Eddy, second by Heid-enwirth to leave the mileage reimbursement rate at 50 cents for 2021.

All aves. Motion carried.

Discussion was held regarding the Butler County Compensation Board recommendations. Moved by Heidenwirth to accept the recommendation of the Compensation Board for Elected Officials: motioned died for lack of a second. Eddy shared his concerns surrounding the previous year's budget and requested to table this agenda item for one week for further discussion. Barnett also raised concerns regarding budgetary issues from last year and he is concerned with trying to make that up. Barnett stated he thinks everyone deserves a raise, but financially, they might not be able to follow the Compensation Board's three percent recommendation. Barnett commented that in the past they have always tried to follow the approximate 3.00% increase recommended and reminded everyone the board has already approved not to increase in employees' insurance premiums in 2021, even though the county premiums have increased by \$61000. Moved by Barnett to approve a 1.5% increase for elected officials and non-elected, non-deputy employees with no salary increase to supervisors; motioned died for lack of a second. Moved by Eddy to have no salary increases for 2021; motion died for lack of a second. John Zimmerman asked telephonically if supervisors decided this in April during budget time as this is early in the year for taxpayers to know what the total increase would total. Barnett

provided Zimmerman with that total

of \$60196, which does not include

paid. Johnson continuing explaining some elected official's budgets do not have much movement or latitude within their budgets, unlike his budget in the Sheriff Department, and that all elected officials are answering the same questions from the public about the budget. Barnett stated he will research the total effect of last year's salary decision and Johnson also mentioned the union employees will need to be taken into consideration

Discussions were held regarding the agenda format and set times Barnett researched Iowa Code and other counties agendas and asked Dave Kuehner to do the same. Kuehner reported that he found nothing other than the time of the meeting needed to be stated. Kuehner reviewed other counties as well and only noted some counties included times for agenda items that may draw an audience. Heidenwirth felt the time frames were an approximated time frame and not necessarilv required. Eddy stated he was fine with removing the times other than keeping the meeting start time. Fern Myers asked a question telephonically regarding how people who called in could comment throughout the meeting other than during the designated public comment time. Eddy clarified that they should be speaking during the public comment time, but if she would have additional comments throughout the meeting Barnett explained Myers could utilize the comment box in zoom to 'raise a hand' at any time. Leslie Groen suggested to move public hearings to the top of the agenda to ensure they are handled first. Barnett summarized the agenda would continue with a 9:00am call to order, approve the minutes and approve the agenda, since it is tentative. No formal approval is necessary regarding agenda changes and Groen will determine the flow of the agenda items. Board approved claims as submit-

Leslie Groen, County Auditor Moved by Eddy to approve the following with the addition of Brett Stirling as a Deputy Sheriff. Second by Heidenwirth to approve the

Public Health, Conservation, or Secondary Roads employees. Barnett suggested county departments to budget using the 3.00% increase as the decision will need to be tabled. Heidenwirth said he felt if they had been slowly increasing the tax levy over the years we would not have had such an issue last year. Heidenwirth mentioned we had not raised the levy for over ten years and then last year realized is had to be raised a lot. Heidenwirth also shared concern with deciding salaries before budgeting is completed to make a good decision. Heidenwirth continued that maybe the county should be treated like a business in the fact making salary decisions prior to budgeting is always a hard thing. Barnett suggests everyone complete their normal budgeting using the 3.00% recommendations to get all the numbers together and see the complete picture to make a decision. Discussion was held on when decisions would need to be made which was determined to be prior to the adopted budget due date of March 15, 2021. Eddy commented that he is open to discussion with department heads and hopes they can appreciate the past tough year and today's decision are a start to his plan. Eddy continues that he may not be popular with county em-ployees but his obligation is to the people he represents and his goal is not to have property taxes increase this year or even decrease. Moved by Eddy to table this discussion to a later date, seconded by Barnett. All ayes. Motion carried. Following the motion to table the salary discussion, Vicki Schoneman shared where the Compensation Board was coming from in year's past which was that after a comparison with similar counties, Butler County has always been below and she was concerned that no raises

would put us even further behind. Schoneman agreed with a small raise, but feels no raises will hurt in the end because the county would always be playing catchup. Johnson asked Eddy what percentage of the budgetary issues last spring were related to salaries vs. what percentage were related to other issues and decisions the county made and asked Eddy to take a hard look at that. Heidenwirth made comments regarding the price of things going up in the county. Johnson stated that he has salaries comparables that are also provided to the Compensation Board to be used as a consideration. Johnson confirmed that Butler County is generally behind what comparable counties are paying and he reiterated to consider past issues are not about salaries but other pieces. Eddy confirmed there were many other budget pieces last year and the prior year there was a roads issue that need to be addressed. Eddy continued that he feels obligated to do some things as supervisors and that last year there were many factors which resulted in a lot of unhappy people in the county and he wants to do his part

ATTEST: Leslie Groen, County Auditor Moved by Eddy, second by Heidenwirth to leave the mileage reimbursement rate at 50 cents for 2021.

All ayes. Motion carried. Discussion was held regarding the Butler County Compensation Board recommendations. Moved by Heidenwirth to accept the recommendation of the Compensation Board for Elected Officials; motioned died for lack of a second. Eddy shared his

concerns surrounding the previous year's budget and requested to table this agenda item for one week for further discussion. Barnett also raised concerns regarding budgetary issues from last year and he is concerned with trying to make that up. Barnett stated he thinks everyone deserves a raise but financially they might not be able to follow the

cent recommendation. Barnett com-

up in the county. Johnson stated that he has salaries comparables that are also provided to the Compensation Board to be used as a consideration. Johnson confirmed that Butler County is generally behind what comparable counties are paying and he reiterated to consider past issues are not about salaries but other pieces. Eddy confirmed there were many other budget pieces last year and the prior year there was a roads issue that need to be addressed. Eddy continued that he feels obligated to do some things as supervisors and that last year there were many factors which resulted in a lot of unhappy people in the county and he wants to do his part to maintain a budget and it may be time for a sacrifice. Johnson pointed out other county elected officials are also elected know their decisions affect all of us and the taxes that we paid. Johnson continuing explaining some elected official's budgets do not have much movement or latitude within their budgets, unlike his budget in the Sheriff Department, and that all elected officials are answering the same questions from the public about the budget. Barnett stated he will research the total effect of last year's salary decision and Johnson also mentioned the union employees will need to be taken into consideration. Discussions were held regarding the agenda format and set times. Barnett researched Iowa Code and

other counties agendas and asked Dave Kuehner to do the same. Kuehner reported that he found Fee.. nothing other than the time of the meeting needed to be stated. Kuehner reviewed other counties as well and only noted some counties included times for agenda items that may draw an audience. Heidenwirth felt the time frames were an approximated time frame and not necessarily required. Eddy stated he was fine with removing the times other than keeping the meeting start time. Fern Myers asked a question telephonically regarding how people who called in could comment throughout the meeting other than during the designated public comment time. Eddy clarified that they should be speaking during the public comment time, but if she would have additional comments throughout the meeting Barnett explained Myers could utilize the comment box in zoom to 'raise a hand' at any time. Leslie Groen suggested to move public hearings to the top of the agenda to ensure they are handled first. Barnett summarized the agenda would continue with a 9:00am call to order. approve the minutes and approve the agenda, since it is tentative. No formal approval is necessary regarding agenda changes and Groen will determine the flow of the agenda items. # TEMPORARY WEIGHT

EMBARGO

BE IT RESOLVED the Butler County Supervisors hereby authorize the County Engineer to temporarily reduce allowable load limits on various stretches of county roads that could be damaged by allowing legal load limits.

The temporary weight embargo shall be formed in accordance with

mented that in the past they have always tried to follow the approximate 3 00% increase recommended and reminded everyone the board has already approved not to increase in employees' insurance premiums in 2021, even though the county premiums have increased by \$61000. Moved by Barnett to approve a 1.5% increase for elected officials and non-elected, non-deputy employees with no salary increase to supervisors; motioned died for lack of a second. Moved by Eddy to have no salary increases for 2021 motion died for lack of a second. John Zimmerman asked telephonically if supervisors decided this in April during budget time as this is early in the year for taxpayers to know what the total increase would total. Barnett provided Zimmerman with that total of \$60196, which does not include Public Health, Conservation, or Secondary Roads employees. Barnett suggested county departments to budget using the 3.00% increase as the decision will need to be tabled. Heidenwirth said he felt if they had been slowly increasing the tax levy over the years we would not have had such an issue last year. Heidenwirth mentioned we had not raised the levy for over ten years and then last year realized is had to be raised a lot. Heidenwirth also shared concern with deciding salaries before budgeting is completed to make a good decision. Heidenwirth continued that maybe the county should be treated like a business in the fact making salary decisions prior to budgeting is always a hard thing. Barnett suggests everyone complete their normal budgeting using the 3.00% recommendations to get all the numbers together and see the complete picture to make a decision. Discussion was held on when decisions would need to be made which was determined to be prior to the adopted budget due date of March 15, 2021. Eddy comment ed that he is open to discussion with department heads and hopes they can appreciate the past tough year and today's decision are a start to his plan. Eddy continues that he may not be popular with county employees but his obligation is to the people he represents and his goal is not to have property taxes increase this year or even decrease. Moved by Eddy to table this discussion to a later date, seconded by Barnett. All ayes. Motion carried. Following the motion to table the salary discussion, Vicki Schoneman shared where the Compensation Board was coming from in year's past which was that after a comparison with similar counties, Butler County has always been below and she was concerned that no raises would put us even further behind. Schoneman agreed with a small raise, but feels no raises will hurt in the end because the county would always be playing catchup. Johnson asked Eddy what percentage of the

budgetary issues last spring were related to salaries vs. what percentage were related to other issues and decisions the county made and asked Eddy to take a hard look at that. Heidenwirth made comments regarding the price of things going
